AIM
The purpose of the Colour Awards System is to recognise boys’ excellence of performance at the highest level and ‘service’ to the school community. To preserve the significance of this aim, it is essential that, the Award of Colours, be seen by students as being an achievement of distinguished and outstanding merit.

STRUCTURE
The Colour Awards System recognises the achievements of boys in all areas of the Middle and Senior School co-curricular activities programme at BBC. The Colours Award System does not recognise students’ achievements in club sport, whether based inside or outside Brisbane Boys’ College, only those competitive activities listed in 1) below.

The Colour Awards System is divided into four (4) distinctly separate award structures.

1) COMPETITIVE ACTIVITIES:  Covering the 14 GPS sanctioned premiership and championship activities as well as Water Polo.

2) CREATIVE ARTS ACTIVITIES:  Covering any performance based activity such as Music, Theatre and Musical. The award criteria are activity specific based on criteria relevant to the activity and is not required to be comparable to other Creative Arts activities.

3) SERVICE AWARDS:  Covering the activity specific service line awards, but also encompassing students’ participation and support of the extra-curricular activities and service programmes during their time at the College.

4) ACADEMIC AWARDS:  Covering the achievement of excellence in the academic curriculum and its various extensions.

ELIGIBILITY
The criteria for the award of Colours shall be two-fold:

a. the exemplification of the worthiness of the individual as it is seen in his
   i.   sound conduct
   ii.  citizenship and school spirit
   iii.  sense of fair play
   iv.   commitment and responsibility to the team / group and
b. performance of an outstanding nature as provided for in the “Aim”.

COLOUR AWARDS COMMITTEE
Colour award submissions shall be called for by the Activities Administrator as soon as possible after any given activity has been completed or at other appropriate times.

It shall be the responsibility of the relevant Master in Charge, Director, Housemaster or Head of Department to:

a. determine, on the basis of the foregoing criteria, the eligibility of each individual for a Colour Award, and

b. make appropriate recommendations to:
   The Head of Co-Curricular Activities and the Activities Administrator, for the award of colours, in Competitive Activities, Creative Arts and service to these areas.
   The Head of Senior School for Senior Service awards
   The Head of Teaching and Learning for the Academic awards

c. In exceptional circumstances, put forward an individual for the receipt of a Colour when that individual has not fully met the criteria.
**COLOUR AWARDS**

There shall be three levels of Colour Awards:

- a. FULL COLOURS
- b. HALF COLOURS and
- c. LINE AWARDS.

The criteria for such Awards are laid down in the following pages for each activity.

**ADMINISTRATION**

The Activities Administrator shall provide to each Colour awardee an authorisation for the procurement of his Colour Award.

**FULL AND HALF COLOUR AWARDS**

The lettering signifying the Activity shall be embroidered under the Full or Half Pocket with the age group (if sporting), the team, and the year of the award.

**In Premiership activities if the team wins all its scheduled fixtures and competes in at least 75% of all scheduled fixtures or wins the premiership at 1st’s level,** an embroidered crown will come after the above information.

**In Championship activities if a team, crew or individual achieves a first place an embroidered crown will come after the above information, provided the colour itself does not indicate a WIN.** (e.g. a team, crew, or individual who can only qualify for a colour because of a WIN; then the colour itself signifies the WIN).

**FOR EXAMPLE:**
Rugby U13A 1999  
Rowing Open 1st VIII, 1999 (Crown)  
Debating Senior A, 1999  
Music 1999  
Chess Sen A 1999  
Musical 1999  
Academic Yr 9 Dux 1999  
Sen. School Service 1999  
Athletics State C/Ships 1999

**LINE AWARDS**

A Line Award will have the activity name followed by the year in which the award was made. For example: "Athletics 1999". In the case of repetitive awards in consecutive or subsequent years, only the year should be added. For example: "Athletics 1998-99".

**In Premiership activities if the team wins all its scheduled fixtures and competes in at least 75% of all scheduled fixtures** an embroidered crown may be placed after the year, **provided the colour itself does not indicate a WIN.** (e.g. a team, crew, or individual who can only qualify for a colour because of a WIN; then the colour itself signifies the WIN).

In Championship activities **if a team, crew or individual achieves a first place** an embroidered crown may be placed after the year, **provided the colour itself does not indicate a WIN.** (e.g. a team, crew, or individual who can only qualify for a colour because of a WIN; then the colour itself signifies the WIN).
NOTE: In any school year only one award is given at any level for the same activity. That is if a student qualifies twice in a school year for the same award he will only receive the relevant award once.
When a student betters his achievement in a short time frame (i.e. before the previous award has been made) he gets awarded the highest achievement.

**N.B.** In year 7 – boys who are U13 and run in the U13 team will be subject to the rules for colours, which govern that team.

Team Service and Commitment should be important considerations

**NOTE:** Performance criteria need to be monitored from year to year to consider aspects such as the strength and depth of competition.

The GPS Championships will be the main determinate of Colours because of the standard of competition.

The award to take the following form:
“Activity” “National Team” “Year” or
“Activity” “National Rep.” “Year”

NOTE: In addition to the Competitive Activities’ criteria, Year 7 boys competing at State / National levels would be eligible for Representative Honours’ Colours according to criteria published above.

In any school year only one award is given at any level for the same activity. That is if a student qualifies twice in a school year for the same award he will only receive the relevant award once.
In sports where more than one state or national team participates, then eligibility for colours will be determined by the Colours’ Committee. The participation in a state or national SECOND team MAY result in a lesser award being given.

Colours at REPRESENTATIVE BASED AWARDS Level 1 and 2 will only be awarded when the student has actually participated in a STATE or NATIONAL team, in an officially recognised match.

If the Queensland Schoolboys State rowing team reaches the semi-finals or finals of Henley their half colour to read “Rowing Henley Year”.

When a student betters his achievement in a short time frame (i.e. before the previous award has been made) he gets awarded the highest achievement.

NOTE CAREFULLY THE FOLLOWING:
The foregoing criteria for Colour Awards represent the MINIMUM requirements for consideration for Awards.
Students should NOT assume that satisfying these criteria automatically guarantees an Award, since many other factors may be taken into consideration.
**PIPE BAND**

The Pipe Band is one of the most prestigious and recognisable groups within the Brisbane Boys’ College. The whole Band, small groups from the Band and solo pipers are present at the majority of BBC functions throughout each year and in support of a wide range of community activities.

Boys who take part in the Pipe Band are required to show initiative, reliability and excellent organisation skills as well as strive to master the techniques associated with playing the pipes or drums.

Only students from Middle and Senior school will be eligible for Pipe Band ‘Colours’ awards if they meet the following:

---

**General Criteria:**

- Maintained a high level of attendance at lessons, practices, rehearsals and performances for:
  - the full year for continuing band members; or
  - at least 2 terms before colours awards are determined, for new band members
- Maintained a positive and productive attitude at pipe band practices and performances
- Take good care of instruments and uniform.

In addition to these general criteria, the following specifics apply to determine the eligibility of a boy for specific awards.

---

**Line**

A student will be considered eligible to receive a line when he has met the General Criteria and:

- Participated consistently in performance and rehearsal with the BBC Pipe Band and represented the band by competing in the allocated Qld Pipe Band Competitions. *(in exceptional circumstances, prior notification must be given to Pipe Band Director for consideration of absence)*
- progressing with learning the tunes or drum patterns required for the No 1 Pipe Band.

---

**Half Colour**

A student will be considered eligible to receive a half-colour when he has met the General Criteria, Line Criteria and:

- Has become a member of the No1 Band through a successful audition or performed consistently in events in the No 1 Band throughout the year.
- Must be able to play from memory all the No1 Band tunes / drum scores to a high standard.
- Attended and competed in all Qld Pipe Band Competitions and, where possible, participated in Solo Competitions throughout the year, where BBC Pipe Band has attended and competed. *(in exceptional circumstances, prior notification must be given to Pipe Band Director for consideration of absence)- Health issues etc may be a key factor in absence and will be taken into consideration*
Achieved excellence in personal performance and commitment and participated in a number of small group performances.

(Excellence in personal performance will be determined by the assessment of the boy's tutor in band, small group and solo performances in terms of consistently achieving a high degree of accuracy, tempo and musicianship in playing the No 1 band tunes.)

(Note: A small group performance consists of performances by formally organised small groups of pipers and/or drummers who are called upon to play on their own or as part of a combined activity e.g. with another music ensemble, mini band, as part of a fanfare or as a lone piper. The fact that they are playing in a small group requires them to meet a more challenging level of playing expertise and play with greater confidence than when playing with the full band. Students may be allocated into small groups throughout the year by the Band Director, depending on the requests and requirements for the particular band engagements.)

Full Colour

A student will be considered eligible to receive a full-colour when he has met the General Criteria, Line Criteria, Half-colour Criteria and:

- Achieved excellence in leading the No 1 band either:
  - in a formally nominated leadership positions of Pipe Major / Lead Drummer, or demonstrating competency in undertaking those roles whether in competition or performance on a fairly regular basis
  - leading the band as Drum Major at major events
  - Consideration may be given in the following area: by providing excellent leadership and maturity in the bass section throughout the year, helping to create and enhance the overall musical performance (ensemble) of the band as a whole. Eg. No1 Band Lead Tenor Drummer or the demanding role as the No1 Bass Drummer

and / or

- through his excellence in playing ability as shown through consistently setting a HIGH standard for playing through success in solo or small group competitions.
  
  Success can be demonstrated in several ways: through placing consistently in the solo finals in D Grade, performing competently in higher grade solo competition.

ADDITIONAL:

Students who receive a Full Colour Award prior to their senior year will need to exhibit a recognisable improvement in their expertise, progress and commitment level within the Pipe Band to qualify for further Full Colour Awards in future years by:

- taking on a nominated leadership role
- or an increased role within the Pipe Band
**Service Line:**

The BBC Pipe Band can award a service line for those boys who provide extraordinary service **consistently, proactively and continually throughout the year** to the Pipe Band in the form of:

- assist support for events and activities undertaken by the Pipe Band / Support Group eg. Logistics etc.
  and
- a **heavy workload** representing the Pipe Band as a band, solo or small group performer (this generally is focussed on pipers rather than drummers)

**Heavy workload** would equate to 40+ playouts per year

A Service Line is never awarded solely because a member of the band has undertaken a formal leadership role, but undertaking the workload of that senior role may add to the merit of a student in consideration by the Director of whether the student should receive a Service Line.

**Pipe Band Competitive Awards**

Award to Read: Drum Major “International C/ship” “Year”
E.G. Drum Major European C/ship 2014

N.B. Boys who place multiple times in solo and / or band events, at State, National or International Championships, will only receive one colour, i.e. the highest award they have qualified for, in any one year.

Eg.

- State Championship - If you gain a half colour as a band and a half colour / line as a solo competitor at the State Solo Champs you would only be entitled to the highest award being the half colour.

- State Championship - If you gained a half colour as a band and Full colour as a solo competitor you would only be entitled to the highest award being the full colour.

State Championship – refers only to QLD State Championship

National Championship – refers only to Australian Pipe Band Championship

International Championship – refers to either Scottish, British, UK, European or World Championships (where BBC Pipe Band will be required to compete against the best school bands in the world)

STAFF USE ONLY....Explanatory Guide

Provided pipers and drummers meet the general behavioural expectations applicable across the band and are at least a member of the No 2 band and striving to learn or perform the No 1 band tunes/scores they will qualify for a Line.

The Line award will also apply to members of the No 1 band who have passed an audition to gain entry but have not been able to consistently perform all the tunes/scores of the No 1 band faultlessly.

To gain a half-colour a piper or drummer must have passed an Audition for the No 1 band and consistently performed all the tunes/scores of the No 1 band faultlessly during the year.
A Full colour is something pipers and drummers should aspire to in Senior School years when through their exceptional leadership (in a formal leadership role or as an exceptional performer and as such role model for less experienced members). Because exceptional performers will normally fulfil a leadership role, it will be rare for the award of a full colour to a younger band member.

The role of a leader in the Pipe Band is demanding and deliberately so, therefore the aim is to develop in the leaders a strong discipline and sense of ownership of the band’s overall performance. The commitment expected in the leadership roles combined with regular commitment to performances and strong support for the Pipe Band Support Group activities should qualify those pipers and drummers for an award of a Pipe Band Service Line.

Pipe Band leaders will have their commitment and performance monitored during the year with a view to confirming eligibility for a service line.

Although unlikely, it may be possible that due to taking on an extensive workload as a solo and/or small group player, they may qualify for a Pipe Band Service Line.
SECTION 3 SERVICE

GENERAL
1. Each MIC/Director is entitled to continue giving lines on a yearly basis for service unique to that activity as per past practice. (Specifically outlined later)
2. The cumulative Service Award will be determined either in Semester 2 Year 12, or the end of Term III Year 11, and administered by the Deputy Headmaster in consultation with Senior House Masters.
3. Generally, only Year 12 students may qualify as the award is given for participative and supportive effort over the students’ five years in the Senior School. To qualify, a student does not just participate in the Extra-Curricular Activity of the College but gives support to the Activity, and demonstrates leadership initiative in Year 12. An exception to this would be an outstanding Year 11 candidate, then the maximum award available would be a Half Colour (see 10 below)
4. “College Community Service” is the giving of self without personal reward. Such College Service maybe through the Red Shield Appeal (or other College supported Community Appeal), or demonstrated individual service through ISCF, Interact or Amnesty International.
5. “Support” of the Activity is defined as not just participating in the Activity but demonstrating the ability to be a team player, loyalty towards the Activity, and support and encouragement of other teams / groups in the Activity. For example, the applicant would be at all practices / meetings, unless very good reasons prevent this, accept decisions which are in the best interest of the team / group and the Activity, assist the staff member conducting the Activity where this is appropriate (eg helping “put away” at the end of practices) and arrive early and/or stay behind after his game to support other teams / attend concert of other groups / assist in promoting his Activity.
6. To qualify, a student must have undertaken both:
   A very heavy commitment and support in GPS Extra-Curricular Activity and commitment in and support of College Community Service.
   or
   A very heavy commitment and support of non GPS Extra-Curricular Activity and commitment in and support of College Community Service.
   or
   Heavy commitment in and support of GPS Extra-Curricular Activity and non GPS Extra-Curricular Activity, and commitment in and support of College Community Service.

SPECIFIC
7. Mechanisms for deciding upon Award

Year 12 students will be encouraged to take the opportunity to have completed a Service Log of Extra-Curricular Activity, around the beginning of semester 2. This card will then be submitted to the deputy Headmaster’s office.

Years 8, 9, 10 involvement - This involvement will be listed by the student in the three categories “GPS Activity”, “Non GPS Activity” and “College Community Service”. This involvement will be checked by the Senior House Master against the computer readout available and signed by the Senior House Master.

Year 11 and 12 involvement - This must be more explicit and will incorporate the comment and signature of each MIC/Director involved with the student, as a testimonial to “support” as well as “participation”.
In Year 12, a component, measured by the Senior House Master, will be the addition of the criterion “Demonstration of Leadership Initiative”.

8. Determination of Awards

After Semester 1 of the Year 12 year, Senior House Masters should encourage students who they think should be nominating for Senior School Service Colours. Early in Semester 2 a subcommittee of the Senior House Masters’ Meeting will be put in place to closely examine the nominees, and to moderate the applications. This committee will be called the “Service Colours Committee” and will serve the best interests of the Awards and will divorce parochial or House loyalty considerations from decision making. This committee, chaired by the Deputy Headmaster will make the Award recommendations and be responsible for the objectivity of the exercise. Recommendations will be taken back to the full meeting of Senior House Masters for their ratification. Recommendations will then be made to the Headmaster for final executive ratification.

**Full Colours / Half Colours allocated should read:** Sen. School Service “Year”

9. The Service Log

The proposal is that this be a folded card, which contains:

i. Years 8, 9, 10 involvement
ii) Years 11, 12 involvement and MIC/Director comments
iii) Year 12 leadership initiative details

10. Outstanding Year 11 Candidate

It would be very rare for a Year 11 to have had adequate opportunity to qualify for a Full Service Colour, because of the need to demonstrate leadership, not merely have the potential to be an effective leader.

In the event, however, that a Year 11 may have captained, say a GPS First team, he may have had the necessary opportunity and could be considered at end of Term 3 of his Year 11. Also a student who because of physical disability may not be able to participate in sport or an activity but who has given tireless service to a number of sports during their middle school years and year 10 could also be considered at the end of Term 3 of his Year 11.

Senior House Masters will be invited to put forward any possible Year 11 nominations at the end of Term III, and the standing committee for that year will give the nominations due consideration. **The maximum award available will be a Half Colour.**

**ACTIVITY SPECIFIC SERVICE LINE**

**AIM**
The aim of an ‘activity specific service line’ is to recognise and reward service to specific activities at the College.

**ELIGIBILITY**
The criteria for the award shall be as follows:

a. The holding of a position of responsibility in the activity which sees the individual reflect the following characteristics:

i. Sound conduct.
ii. Citizenship and school spirit.
iii. Commitment and responsibility to the group and the activity.
b. The individual must have been fully involved in the activity for at least one season/year.

ADMINISTRATION
The relevant Master In Charge or Director will forward nominations to the Activities Administrator upon completion of the activity or at an appropriate time during the year. The Activities Administrator shall provide to the awardees an authorisation for the procurement of his award. The lettering signifying the activity, followed by the word ‘Service’, and the year of the award will be embroidered in the same area as other Line Awards.

FOR EXAMPLE:
Interact Service “Year”
Portal Service “Year”
Flynn House Service “Year”
Rugby Service “Year”
Theatre Service “Year”

Duke of Edinburgh Award
The Duke of Edinburgh Award contains a significant service element and that is why it is included in the service section of this document. Colours will be available to candidates who successfully complete and receive the award of “Gold” and/or “Silver” while still at the College.

For Gold the award will be a Half colour.
For Silver the award will be a Line

For Academic Awards.

*Heads of Departments will submit a proposal to the Director of Studies requesting an academic activity and levels of results be approved for students to be recognised for a Colour Award. The Director of Studies and Deputy Director of Studies will consider the request. On approval, Heads of Departments will submit a list of student names and results to the Director of Studies for consideration for a Colour Award.

NOTE: When a student betters his achievement in a short time frame (i.e. before the previous award has been made) he gets awarded the highest achievement.
THE COLLEGIAN AWARD

AIM
As a natural extension to the separate recognition of participation within each of the four (4) distinct Colours Award structures the College believes it appropriate to recognise those students who achieve excellence across the school programme. It is this student who reflects most closely the College’s Mission Statement in that he has been able; “… to develop his God given talents to the best of his ability through a balanced involvement in the Academic, Spiritual, Competitive and Cultural life of the College.”

CRITERIA
Recipients will be required to have achieved a Full Colour Award in three (3) of the following Colours Award areas in year 12. (Boys completing year 12 over two years must achieve the criteria in their final academic year).

COMPETITIVE ACTIVITIES
CREATIVE ARTS ACTIVITIES
SERVICE
ACADEMIC

Recipients must also have proven their worthiness by exhibiting sound conduct, citizenship and school spirit, a sense of fair play, and commitment and responsibility to the team or group.

The approval of candidates must be supported by their Housemaster, the School Executive, relevant Masters in Charge and/or relevant Directors and the Headmaster.

ADMINISTRATION
It will be the responsibility of the Head of Co-Curricular Activities / Activities Administrator to determine those students eligible for the award and liaise with the relevant personnel to ascertain their degree of support for the candidate.

Successful recipients will receive the award in the form of an ‘honours’ cap and plaque presented at Speech Night.
