From the Headmaster

With the return of Year 7 students from their Connect Retreat Orientation program, Scholars' and Leaders' Assemblies, in addition to the commencement of Term 1 sports and activities, last week was exceptionally busy and exceptionally “alive”.

The momentum continued this week with our youngest learners, those in Prep, commencing their schooling journey on Monday.

Last week, at the College’s assembly our Senior Leaders made their pledge to the whole student body and introduced their theme for the year, “Ignite”.

College Captain, Benjamin Carlyon, on behalf of all leaders, spoke of their objective to continue to create an atmosphere in which all boys can develop a sense of belonging and are valued for their contributions to their school. He also spoke of the importance of starting today, not waiting for tomorrow and making the most of the time we have. I’d like to share some of his words here:

“The year is already a month old and no doubt you are wondering where the time has gone… This is why this time of the year is arguably the most critical to ensure a successful 2017 for you individually and at BBC.”

Ben highlighted his point with a quote from the American Actor and social commentator, Will Rogers, who once said, “Even if you’re on the right track you’ll get run over if you just sit there.”

With this in mind, it has been wonderful to see boys already working hard and our leaders proactively ‘igniting’ the student body in their collective endeavour. A true leader is motivated by what he can do to serve others, and I have no doubt that our 2017 Senior Leaders will serve their peers with strength and humility throughout the year.

Strategic Intent and Master Plan

As advised at the end of last year, during 2016 the College articulated its “Strategic Intent” in line with our guiding philosophy ‘All about the boy.’

Our intent recognises that each boy’s journey will be different and it honours the complexities of education and the varied opportunities we must provide. As we move forward our goal remains to create an unforgettable learning environment, one in which each boy enjoys the opportunity to do things he has never done before, one in which he feels thoroughly engaged in the learning process and closely connected with his mentors, his teachers.

Our intent acts as a blueprint for everything we do and will continue to inform our operational plans and work in unison with our Master Plan.

If you would like to view our Strategic Intent or watch our Master Plan presentation – that showcases just how far the campus has developed, the way forward and our vision for all that is possible – please visit the College’s website www.bbc.qld.edu.au/our-strategy

Staffing

As we move into a new school year, I would like to take this opportunity to welcome the following new staff to our College family: Adrian Howard - Teacher, Mathematics; Cameron Smith - Teacher, Science; Greg Dixon - Teacher, Mathematics; Jeff Hogan - Teacher, Science; Julienne Davidson - Teacher Junior School; Keith Dalleywater - Head of Junior School, Executive position; Mark Pavone Sportstmaster, Co-Curricular Activities; Michael Addicott - Teacher, Information Technology (academic); Richard Haynes - Teacher, Mathematics; and Sharon Gerbich Teacher, Mathematics.

I look forward to working with all of our teaching staff and I have no doubt that both students and parents will be impressed by the calibre of our team for 2017.

Wings

There is a Tibetan proverb which states, “A child without an education is like a bird without wings”. Chickens have wings ... but are not exactly renowned for their intellect! Brush turkeys have wings. These are interesting birds, with a bit of personality. I usually meet one or two when I walk along our street in St Lucia. They are also very good builders (quite a problem if you are protective of your garden). But they are not much good at flying. At BBC we aspire for our boys to grow wings. We want our boys to soar! Already I am noting that our young men love their learning at BBC. I mean ‘learning’ in the broader sense, in and outside the classroom, as the boys soak up all that’s on offer to them. Someone the other day described BBC as ‘a boy’s paradise’ and I understand entirely what he meant. The learning experiences are rich, diverse, engaging and specially designed to tap into the interests and energy of boys. I am looking forward to working in partnership with you to bring out the very best in our young men, so they can truly soar like eagles here at school and in their lives beyond.

Partnership

It is my firm belief that education is a team sport. It’s not something that the school can do in isolation – or at least not do as well as it can be done. Which is why events like the Parent Information Evening are so important. When home and school are singing from the same song sheet we make some pretty compelling music which the boys simply can’t resist. The teachers and I are very grateful to those of you who were able to attend last night’s event. We hope you found the class sessions informative and helpful. Certainly I appreciated the opportunity to chat with many of you afterwards during our social time. As the year unfolds, let’s keep open the lines of communication between home and school, so together we can be ‘All about the boy’ and bring about rich learning for your sons.

Student Leadership

I am delighted to announce the following appointments to badged leadership roles in the Junior School for 2017. I am very grateful to our Head of Early Learning, Mr Mark Griffith, for managing this fairly complex process. These fine young men will be officially installed into their roles at a special assembly to be held on Monday 13 February at 2.15pm, in College Hall. We would love to have your company if you are able to join us.

2017 Monitors

- Lachlan Scroggie - 6S
- David Granzin - 6B
- Hamish Burnie - 6L
- Nicholas Goffage - 6L
- Samuel Holding - 6B
- Fergus Mills - 6B
- Joshua Davidson - 6B
- Christian Blucher - 6B

2017 House Captains

Crusaders: Captain - Dominic Schnitzerling - 6S  Vice Captain - Blake Jennison - 6B

Gladiators: Captain - James Alexander - 6L  Vice Captain - Carter Sloan - 6S

Knights: Captain - Avery Thomson - 6S  Vice Captain - Delacruz Ripley - 6S

Vikings: Captain - Joseph Thynne - 6C  Vice Captain: Hamish McGregor - 6L

In addition the following boys have been appointed to Junior School Music, Cricket and Swimming leadership roles and will be presented with their badges at next Monday’s assembly (6th February):

- Music Captain – Lachlan Leow
- String Captain – Christian Blucher
- Band Captain – Lachlan Scroggie
- Choir Captain – Thomas Walsh
- Cricket – Jamie Alexander and Carter Sloan
- Swimming – David Granzin and Avery Thomson

A special ceremony during our assembly on 20 February will see all of our Year 6 students awarded with badges marking them as leaders of the Junior School. Indeed we need and expect every Year 6 student to lead by example, and to help set the tone that makes our Junior School such a special place to be.

Warmest congratulations to our Junior School student leaders for 2017.

Mr Keith Dalleywater
HEAD OF JUNIOR SCHOOL

FROM THE CHAPLAINS

A very warm welcome to those of you who are new to the BBC community in 2017. We trust that your time at the College will be rewarding and productive. As you may well be aware, it is certainly our intent to provide opportunities for all students to grow academically, socially, physically and spiritually. It really is quite exciting watching our boys slowly but surely become young men. As the Christian faith is at the heart of the life of the College, all students are involved in Christian Education classes and chapel services throughout the year. Within these settings, students will have the opportunity to explore their beliefs and convictions with their peers and see the value of developing the spiritual dimension of their lives. There will also be opportunities for students to be involved in the Interschool Christian Fellowship should they choose to do so.

This week Junior School Christian Education classes have started. Mrs Karleen McEwen will be taking the majority of Junior School Christian Education classes with Mr Thomas McPherson. Junior School Chapel will commence this week and next week Junior School Interschool Christian Fellowship will also begin. More details will follow shortly.

If you would like further information or have any questions about the spiritual life of the College please don’t hesitate to call Graham Cole on 3309 3558 or Thomas McPherson on 3721 5954.

**BBC BUS SERVICE 2017**

Brisbane Boys’ College offers five chartered bus routes each morning and afternoon, during term time. All vehicles are air conditioned, equipped with seat belts, GPS tracking and carry only BBC students.

Bus Routes can be found on the [Getting Here](http://www.bbc.qld.edu.au/events/bbc-bus-passes) section of the College website with links to Google maps to outline each route.

**How to register for bus travel**

If your son’s will be travelling on a BBC chartered bus this year, there is a two-step process that you will need to follow:

**Step 1: Purchase a bus pass (Term or 20 Trip Pass)**
Families have the option of purchasing a Term Bus Pass ($315 per term) or a 20 Trip bus pass ($110 per pass). A Term bus pass is most cost effective for passengers travelling more than 40 trips per term.

[Click here to purchase a Term 1, 2017 bus pass](http://www.bbc.qld.edu.au/events/bbc-bus-passes)
[Click here to purchase a 20 Trip bus pass](http://www.bbc.qld.edu.au/events/bbc-bus-passes)

Note: The default bus route is Bus Route 1 to Clayfield. Please ensure you purchase a bus pass for the registered bus route.

Once you have purchased a 20 Trip Pass, your son will be notified to collect his pass from his school office (Junior School Office, Middle School Office or Main Reception). No bus pass is issued for Term Pass holders.

**Step 2: Complete the bus registration form**
Brisbane Boys’ College requires every passenger to be registered prior to travel (once per school year). Please complete the Bus Registration Form below, once you have purchased a Bus Pass, to register your son’s pick-up and drop-off stops. It is recommended that students in the Early Years (Prep to Year 3) travel with an older brother or friend.

By the end of week two each term (co-curricular schedules should be finalised by this time) families must identify the bus route and pick-up/drop-off bus stops for the remainder of the term.

Your understanding and acceptance of the BBC Bus Service Conditions will be required upon registration. The registration information will be passed on to Brisbane Bus Lines to ensure your son’s pick-up and drop-off stops are added to the travel register. Your registration will enable BBC to gauge the size of the bus required for each term ensuring there are enough seats for all travellers.

[Click here to purchase a 20 Trip bus pass](http://www.bbc.qld.edu.au/events/bbc-bus-passes)

Further information can be found on the Events section of the College website [http://www.bbc.qld.edu.au/events/bbc-bus-passes](http://www.bbc.qld.edu.au/events/bbc-bus-passes)

Brisbane Boys’ College remains committed to providing the best possible charter bus service to our community.

THE PROP PROGRAM

As part of the Kidsmatter Program at BBC, parents are welcomed and encouraged to play an active role in the school community. We do this in a variety of ways and the PROP Program is one of them.

The PROP Program (Phonic Revision Often Program) was established a year ago and its purpose is to support families whose children have need of extra support in reading. Three mornings a week before school, parent volunteers or others within the BBC community, come before school and hear each student practice his phonic work.

All parents or volunteers taking part in the program, will do a training course in Term 1 where they learn about phonics and how children learn to read. This year, our training course involved a time commitment of one and a half hours each Wednesday morning for five weeks. Volunteers who complete the training course are encouraged to commit to at least one term’s participation in PROP once a week but you can come for a little as 20 minutes one day a week.

Looking for volunteers
The next training course starts in Week 4 of this term. Please email jhamilton@bbc.qld.edu.au for further information.

BBC ROBOTICS CLUB

Robotics Club at Brisbane Boys’ College aims to:
- Foster creativity in students at Brisbane Boys’ College
- Develop problem solving skills in students
- Create a rich learning environment for young scientists and engineers
- Promote fine motor coordination in students
- Promote teamwork

Robotics Club is offered from Years 4 to 12.

Robotics Club is a competitive activity aimed at teaching the skills necessary for students to construct and program robots to compete in the RoboCup Junior Regional, State, National and International Championships. The commitment is one afternoon per week.

There is a Robotics shirt that is available to students through the College Shop. This is a compulsory uniform when boys are competing at RoboCup. Boys can also wear the shirt at training. There are three challenges in RoboCup:
- Robot Dance and Robot Theatre, where the robot is choreographed to music.
- Robot Rescue, where a rescue robot has to follow a line around and over obstacles to locate and rescue victims of a chemical spill at an industrial plant.
- Robot Soccer, where teams of two robots play soccer on a field 2.4 metres x 1.2 metres chasing a ball that emits infra-red light.

The groups offered are:

Years 4 and 5 students who have not participated in Robotics Club in 2016, will have a 10 week structured program where they will learn the basics of robot construction and programming. At the end of this program the boys will demonstrate what they have learned to their parents on a display evening. Numbers are strictly limited by resources available. Boys will be able to participate in Robotics in either Semester 1 or Semester 2, but not both. This enables them to participate in other co-curricular activities in the alternate semester. Trainers will be able to identify talented boys and they will be given first option for advanced groups in the future.

Year 5 students who were Club members in 2016 will have a 10 week program during Semester 1, followed by a display evening. Talented individuals identified by trainers may be invited to participate in an advanced group in the second semester to prepare them for RoboCup competition.

Year 6 students will have a 10 week structured program during Semester 1 to prepare them for the RoboCup Dance challenge, followed by a display evening. Teams that are considered ‘competition ready’ will be invited to compete in the RoboCup Junior Queensland Championships at the University of Queensland in August.

There is a strict limit to the number of places offered in Robotics due to resource availability. Boys need to enrol in the co-curricular program through the College to be considered for a position in the groups. A link to an online form will be placed in the Robotics section of Highlands for boys who wish to try robotics, or those who wish to continue in Robotics. The groups will be allocated as replies are obtained. For enrolment information please see the Robotics section of Highlands.

All students who have chosen Robotics as an activity in 2017, please click here to obtain enrolment information.

Robotics is expected to start around the last week in February or earlier once trainers are allocated to groups. You will be notified when teams are finalised.

GPS Cricket

In the first round of Junior GPS Cricket on the weekend, BBC played matches against BGS.

The 6A’s managed to easily defeat their opponents by 47 runs while the 6B’s won a close contest by 34. The other two teams Year 6C and D lost their games.

In Year 5 both the A, B and C teams unfortunately lost their matches to stronger opposition.

A reminder to all cricketers of the following training times each week:

Year 5 training
Monday afternoon from 3.15pm to 5.00pm
Thursday morning from 6.50am to 8.00am

Year 6 training
Monday afternoon from 3.15pm to 5.00pm
Wednesday morning from 6.50am to 8.00am

All boys are now looking forward to the next challenge this Saturday against GT. Please can we ask their all boys arrive no later than 30 minutes prior to their matches.

Come and try gymnastics see what it is all about. Please sign up here to join a trial. All are welcome, come and give it a go. Training teams and classes are selected from this trial class. Once signed up we will send out correspondence about trial times, class times etc.

More than simply a sport, Gymnastics serves to develop not only a child’s physical ability but also his communication, social skills and overall psychological development. Gymnastics is widely acknowledged as a foundation sport with the skills learnt applicable across codes and within the learning domain. BBC’s Gymnastics program is designed to promote healthy childhood development and to cater for all boys of the College.

Our Development Program nurtures all of the following in a safe, fun, caring environment for your sons; head to toe strength, gross motor skills, fine motor skills, coordination, proprioception, spatial orientation development, sensory integration, balance, respect, discipline and speed. This program continues to build through the years from basic to more complex movement producing the essential building blocks for all movement and sports skills both inside and outside the gym. It provides a foundation for all future sport at our College.

The GPS Competitive Program extends on the Development Program to get boys ready for gymnastics competitions. It involves extensive physical development in strength and core muscle control as well as the gymnastics skills and routines. Competitive gymnastics enables students to display the athletic skills and routines, after years of dedicated effort to all those who wish to see the best in physical movement development.

Both our Development and Competitive programs setup our Sons of the College for a life time of healthy living. We look forward to seeing your son in the gym soon.

Expressive Arts Workshops

Why Drama/Theatre at BBC?

Dramatic Arts education is an important means of stimulating creativity in problem solving and builds the boys’ skills and confidence academically, socially and holistically. It challenges the boy’s perceptions about their world and about themselves. Dramatic exploration can provide students with an outlet for emotions, thoughts, and dreams that they might not otherwise have means to express. A student can, if only for a few moments, become another, explore a boy’s perceptions about their world and about themselves. Children are able to complete homework and prepare for lessons with the support of OSHC Educators. Action Factory offers a number of planned and un-planned activities for After School Care. The OSHC Educators collaborate with the children to provide play and leisure opportunities that are meaningful to children and support their wellbeing, learning and development.

Children are provided with an environment to create their own play experiences and activities on the day, but we have suggestions below if the kids run out of ideas...NEXT WEEK AT ACTION FACTORY…

ROAD SAFETY AT BBC

As we begin the 2017 school year Brisbane Boys’ College is seeking your help in adhering to the road rules around the College to ensure we create a safe environment in and around our school for all.

Traffic signs and lines are in place around the College to provide a safe environment for pedestrians and to maintain traffic flow during busy school drop-off and pick-up times. Please familiarise yourself with the commonly seen signs on streets adjacent to the College and on our internal roads.

The Brisbane City Council traffic enforcement officers and the Queensland Police will increase their presence around the College in the coming weeks both before and after school hours in 2017 to help support student safety.

We thank you for your assistance and cooperation.
This term boys will have the opportunity to experience ‘Party Dance’ – similar to old school hip-hop, under the guidance of Choreographer, Monique Dolman.

This energetic, heart pumping style of dance is not only great fun, but an excellent way to improve coordination and motor skills. The workshops are limited to 40 students so be sure to get in quick.

WHAT: Dance Workshop (Term 1)

WHEN: Tuesday 3.00pm – 4.00pm for seven weeks (7 February - 21 March)

WHERE: Dance and Drama Room (near pick up and drop off)

The aim of the clinics is to introduce boys to the Pipe Band, which has become synonymous with the College, and to provide an environment where they can simply ‘have a go’ at learning the bagpipes.

The sessions will promote teamwork, social skills and discipline as boys work through a structured music book on the practice chanter (like the recorder) in a fun environment. This will cover breathing and finger placement technique and basic scales and maybe even cover a ‘wee’ tune.

**DATES:** Every Tuesday (for eight weeks) from 31 January to 21 March 2017

**TIME:** 3.00pm - 4.00pm

**WHERE:** Boys are to assemble at the Junior School Office where they will be collected by staff to be taken to the BBC Pipe Band Rooms. Parents can collect their son at 4.00pm from the Junior School pick up zone.

Due to the nature and the art of drum majoring, this mini clinic will be capped at 10 Junior School boys. Placement will be on a first come registration.

This is an exciting new mini clinic which will give the boys an experience in the art of drum majoring and will encompass marching, mace flourishing and voice commands.

**DATES:** Every Friday (for eight weeks) from 3 February to 24 March 2017

**TIME:** 3.00pm - 4.00pm

**WHERE:** Boys are to assemble at the Junior School Office where they will be collected by staff to be taken to the BBC Pipe Band Rooms. Parents can collect their son at 4.00pm from the Junior School pick up zone.

BBC Junior School Tuckshop - Online Ordering

The BBC Parents and Friends’ Association is on the lookout for new ways to make your interactions with us more convenient. That’s why we’ve engaged with Flexischools, Australia’s leading school payment system, to provide a new cashless way for you to pay for Junior School Tuckshop purchases.

Get Started with Flexischools

Step 1: Register
Go to www.flexischools.com.au from your PC or mobile device. Login or register for an account and add your student and class to get started.

Step 2: Top Up
Top-up your account using VISA, Mastercard, PayPal or by direct deposit. Flexischools can email you a reminder when your account is running low.

To ensure that your student always has funds available, we recommend setting an automatic top-up from your credit card. You choose what the trigger amount will be and also how much it will top-up by each time. For example, you can choose to set your account to automatically top-up by $30 whenever the balance is below $10.

Step 3: Order and Pay
Select from a range of customisable options on the Tuckshop menu and proceed to make payment for the order listed on your order pad.

Step 4: Review Orders
You can set recurring orders, daily spending limits, view transaction history or cancel orders via your Flexischools login.

What does it cost?

Online Ordering Fees - $0.25 per order
Top up Fees -

- 29c Credit Card (Immediate)
- 35c PayPal (Immediate)
- $0 Bank Transfer (2-3 Days)

Need Help?
If you have any questions at all about setting up your account and placing orders, Flexischools Customer Service is available from 7.00am Monday to Friday.
