

## **CODING CAMP**

BBC is offering a two day holiday Coding Camp over the Term 4 break for boys and girls in Years 4 to 6. This is an introductory to intermediate level camp and would be suitable for students who are beginners or who have had some programming experience.

The Code Camp will focus on computer programming skills that can be used to support the learning of coding in schools. Students will work in small groups and use visual, drag and drop programming languages to both design and create their own games. All of this takes place in a fun and educational environment.

BBC is continuing this new initiative to make coding accessible to everyone and we are pleased to extend the invitation to our wider local community.

Computers and software are provided. Supervised by teachers and coaches. Students must bring their own lunch.

Monday 9 December and Tuesday 10 December

**TIME** 9.00am to 3.00pm

**VENUE** Brisbane Boys' College

Level 1, Middle School Precinct (enter via Moggill Road entrance)

TICKETS \$150.00 per student (sibling discount available)
