

BRISBANE BOYS' COLLEGE

A New School of Thought.

Mathematics Teacher

Brisbane Boys' College is seeking an enthusiastic, suitably experienced educator to take on a full-time permanent role teaching Mathematics. Appointment is available from Term 1, 2020.

Working with students from Years 7 to 12 across the Middle and Senior School Mathematics program, you will be empowered to create and deliver engaging, flexible and intellectual learning experiences that challenge and inspire the boys in our programs. You will also be actively engaged in the College's Co-curricular and Student Wellbeing and Positive Education programs.

If you are:

- Passionate about boys' education;
- Able to bring out the best in the boys you teach;
- A teacher who not only teaches, but educates and enlightens; and
- Driven to assist students in discovering their talents and becoming good quality human beings,

we would be pleased to receive your expression of interest in working with us.

About us

Brisbane Boys' College is an established GPS day and boarding school. The school was founded in 1902 by Mr Arthur Rudd, who had a vision of moulding boys to be worthy leaders and good citizens – a vision which remains today. The College occupies a 13 hectare site four kilometres from the centre of Brisbane and has a current enrolment of some 1500 boys from Prep to Year 12, across three sub schools: Junior (Prep to Year 6), Middle (Years 7 to 9) and Senior School (Years 10 to 12).

Our Guiding Philosophy

We are strongly of the belief that boys need to have clarity around the “why” of their learning. We teach to develop students' acquisition of the hierarchy of cognitive skills. This enables our boys to know, understand and meaningfully apply their knowledge. Such transferable skills form the basis of the “why” of what we ask students to learn.

Our Purpose

To produce men who have the confidence and capability to change the world.

You and the role – selection criteria

Please respond to the selection criteria below

- Provide examples of how you have established, maintained and enhanced excellence in boy focused teaching and learning activities.
- Provide examples of how you have established, maintained and enhanced excellence in relationships in the classroom and the wider education community.
- Just as we are not afraid to ask more of our boys, provide examples of how you have gone above and beyond your normal classroom practices to achieve excellent outcomes.
- Explain how your values are demonstrated in your classroom practices and how this has improved your involvement in schools.
- Explain how you have empowered or how you would empower people (staff and students) in a school setting.

Position requirements and description

This position requires that you hold registration, or are eligible for registration, as a teacher in Queensland.

You will be required to:

- Teach Mathematics in the Middle and Senior Schools. The ability to teach Science would be well regarded.
- Design and implement intellectually challenging learning experiences that value diversity and utilise information technology as a tool for learning.
- Assess and report constructively on student learning.
- Support personal development and participation in society.
- Create and maintain safe and supportive learning environments particularly in relation to behaviour management aimed at building positive and authentic relationships with students.
- Foster positive and productive relationships with students, families, staff and the community.
- Be actively involved in the College's Co-curricular program.
- Be actively involved in the College's Student Wellbeing and Positive Education programs.
- Commit to reflective practice and ongoing professional renewal.
- Be positive in support of the College's traditions and Christian ethos.
- Perform conscientiously and competently the duties, teaching and non-teaching, as assigned by the Headmaster or delegate.
- Maintain such records as may be required by the College.

Application Procedure

Applications, including Curriculum Vitae, a statement of educational philosophy, a **statement addressing the selection criteria**, and the names and contact details of at two recent referees, should be emailed to:

Ms Kirsten Ferguson
Human Resources Manager
