- (g) Onshore applications for Years 11-12, where the student is transferring from another CRICOS registered provider, will only be considered where the transfer, if accepted, allows the student to achieve a successful study outcome at the end of the enrolment.
- (h) Offshore applications for enrolment in Years 11-12 will not be considered after the Year 11 course has commenced/ unless the student can complete course assessment before the end of the first semester of Year 11.

Brisbane Boys' College will use this information to assess the suitability of the applicant to undertake the courses for which they have enrolled. It must be noted that following the assessment of an application, the College may recommend a year level other than the year requested on the enrolment application as more appropriate for the student. If this recommendation is accepted by the student/parents, then no change to the College's recommendation will be considered after the student commences.

Students assessed as not meeting the requirements for entry will not be offered confirmed places. Exceptions may be made for students accepted to undertake High School Preparation courses in Brisbane prior to attending Brisbane Boys' College. It is possible to package the English course with the student's primary course of study so that a student visa to cover both courses may be applied for. Details of recommended High School Preparation Course providers can be found on the Brisbane Boys' College website at: <https://www.bbc.qld.edu.au/join-us/international-admissions/> and in the Brisbane Boys' College International Student Handbook at: <https://www.bbc.qld.edu.au/community/policies/>.
