## MEDIAN ATAR

**87.33** (the ATAR of the middle student)

## 46 BBC GRADUATES

received early offers to Australian universities and TAFE institutions.

An Australian Tertiary Admissions Rank (ATAR) is a mechanism for placement in tertiary institutions. The decision for students to share their ATAR result with their school is optional and schools can only access these results where consent has been given by Year 12 students. The information in this snapshot is based on data available to the College from students who consented to share their information.
